Renter Classifications

The priorities and fee structure for renting facilities will be determined by the District for any Use of Facilities requests other than school district instructional and related activities based on the following classifications.

A. No cost

School activities generated by school district personnel or volunteers for purposes directly related to the education and enrichment of school district students, as directed or approved by district administration, and/or for the purpose of employee gatherings related to the operation of the District. Users in this classification include:

- School employees in the performance of their duties
- PTA or other school-associated parent/teacher/student associations
- Student body clubs

B. Direct Cost

Direct cost rent is defined as an estimate of those costs of supplies, utilities, custodial services, building maintenance, services of any other District employees, and salaries paid to District employees as a result of the organization's use of the school facilities and grounds of the District. Users in this classification include:

- Civic and service groups (e.g., Rotary, Chamber of Commerce, League of Women Voters) whose purpose, through the use of school facilities, is to improve the general welfare of the community, and whose net receipts are expended for welfare of the youth or other charitable purposes (e.g., foundations, scout troops, booster clubs which are not for the direct benefit of LUHSD students, supervised recreational activities, religious organizations or churches, local governmental agencies, city and/or county services).

- Conduct of religious services for temporary periods, on a one-time or renewable basis, by any church or religious organization which has no suitable meeting place for the conduct of services while meeting.

C. Fair Market Rent

Fair market rent represents a rate for commercial activity, regardless of where profit is generated within the organization.

- Rentals where admission or participation fees are charged, or contributions are solicited and the net receipts are not expended for the welfare of the pupils of the District or for charitable purposes.
- Rentals which are not directly beneficial to youth, public school activities of the District, or general welfare of the community.
- This fee structure may apply even to "nonprofit-organizations where organizers, activity supervisors, coaches, etc., draw salary from the activity or organization, and participation fees are received from students or adults.

B. Site Request. The District Office staff shall coordinate desired dates with individual sites/administrators. This long-term use contract will be revised or terminated at the district's discretion if the facilities are needed or requested by a district group.

C. Site Approval. The site administrator's approval is required for the rental of the facility. The District Office staff will verify availability, obtain approval, assign rooms, and process applications and payments.

USE OF SCHOOL FACILITIES

The Governing Board believes that school facilities and grounds are a vital community resource which should be used to foster community involvement and development. Therefore, the Board authorizes the use of school facilities by district residents and community groups for purposes specified in the Civic Center Act, to the extent that such use does not interfere with school activities or other school-related uses.

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)
(cf. 6145.5 - Student Organizations and Equal Access)

The Superintendent or designee shall give priority to school-related activities in the use of school facilities and grounds. Other uses authorized under the Civic Center Act shall be on a first-come, first-served basis.

For the effective management and control of school facilities and grounds, the Superintendent or designee shall maintain procedures and regulations that: (Education Code 38133)

1. Aid, encourage, and assist groups desiring to use school facilities for approved activities

2. Preserve order in school facilities and on school grounds and protect school facilities, designating a person to supervise this task, if necessary

(cf. 0450 - Comprehensive School Safety Plan)
(cf. 3516 - Emergencies and Disaster Preparedness Plan)

3. Ensure that the use of school facilities or grounds is not inconsistent with their use for school purposes and does not interfere with the regular conduct of school work

Subject to prior approval by the Board, the Superintendent or designee may grant the use of school facilities or grounds on those days on which district schools are closed. (Education Code 37220)

(cf. 6115 - Ceremonies and Observances)

There shall be no advertising on school facilities and grounds except as allowed by district policy specified in BP 1325 - Advertising and Promotion.

(cf. 1325 - Advertising and Promotion)

As necessary to ensure efficient use of school facilities, the Superintendent or designee may, with the Board's approval, enter into an agreement for the joint use of any school facilities or grounds. The Board shall approve any such agreement only if it determines that it is in the best interest of the district and the community.

(cf. 1330.1 - Joint Use Agreements)
Community Relations (continued)

Fees

The Board shall adopt a comprehensive schedule of fees to be charged for community use of school facilities and grounds, including, but not limited to, the multipurpose room(s), playing or athletic field(s), track and field venue(s), tennis court(s), and outdoor basketball court(s). The schedule of fees shall be prepared in accordance with 5 CCR 14037-14041. (5 CCR 14041)

(cf 9320 - Meetings and Notices)

The Board authorizes the use of school facilities or grounds without charge to school-related organizations whose activities are directly related to or for the benefit of district schools. All other groups requesting the use of school facilities under the Civic Center Act shall be charged an amount determined in accordance with 5 CCR 14037-14041.

Additionally, when any use of school facilities or grounds is for religious services, the district shall charge an amount at least equal to the district's direct costs. (Education Code 38134)

Groups shall be charged fair rental value when using school facilities or grounds for entertainment or meetings where admission is charged or contributions solicited and net receipts are not to be expended for charitable purposes or for the welfare of the district's students. (Education Code 38134)

Calculating Direct Costs

Direct costs to be charged for community use of each, or each type of, school facility or grounds shall be calculated in accordance with 5 CCR 14038 and may reflect the community's proportionate share of the following costs: (Education Code 38134; 5 CCR 14038-14041)

1. Capital direct costs calculated in accordance with 5 CCR 14039, including the estimated costs of maintenance, repair, restoration, and refurbishment of non-classroom space school facilities or grounds

2. Operational direct costs calculated in accordance with 5 CCR 14040, including estimated costs of supplies, utilities, janitorial services, other services performed by district employees and/or contracted workers, and salaries and benefits paid to district employees directly associated with the administration of the Civic Center Act to operate and maintain school facilities and grounds

Expending Funds Collected as Capital Direct Costs

Any funds collected as capital direct costs shall be deposited into a special fund to be used only for capital maintenance, repair, restoration, and refurbishment of school facilities and grounds. (5 CCR 14042)

Use of School Facility as Polling Place

The Board may authorize the use of school buildings as polling places on any election day, and may also authorize the use of school buildings, without cost, for the storage of voting machines and other vote-tabulating devices. However, if a city or county elections official specifically requests the use of a school building as a polling place, the Board shall allow its use for such purpose. If school will be in session, the Superintendent or designee shall identify to elections officials the specific areas of the
school buildings not occupied by school activities that will be allowed for use as polling places. (Elections Code 12283)

(cf. 6111 - School Calendar)

When a school is used as a polling place, the Superintendent or designee shall provide the elections official a site with an adequate amount of space that will allow the precinct board to perform its duties in a manner that will not impede, interfere, or interrupt the normal process of voting and shall make a telephone line for Internet access available for use by local elections officials if so requested. He/she shall make a reasonable effort to ensure that the site is accessible to persons with disabilities. (Elections Code 12283)

The Superintendent or designee shall establish procedures to ensure student safety and minimize disruptions whenever school is in session while the facilities are being used as a polling place.
